

The Next Generation of Drivers Ed<sup>®</sup>

To the Parent(s) of John Doe:

Here is the latest progress report for John's last driving lesson with Drivers Ed Direct.

#### **Lesson Overview:**

On January 2, 2009, John and driving instructor, Russ Shuster, conducted a 2-hour Level 2 behind-the-wheel driving lesson. They briefly reviewed all of the Level 1 maneuvers before advancing to Level 2 maneuvers out in traffic. This mainly consisted of properly and safely executing the following: lane changes, turning maneuvers at major intersections, acceleration, traffic checks, braking, straight line driving, parking maneuvers, and parking lot driving.

#### **Strengths:**

- Braking
- Lane changes
- Speed control
- Great attitude

#### **Weaknesses:**

- Traffic checks
- Turns
- Mirror checks

#### **Recommendations:**

I recommend that you continue to practice with John as much as possible to further build his confidence behind the wheel. When practicing with John, make sure that you remind him of the importance of making traffic checks at every single intersection. Not only will this be an important part of his DMV Test, but it will also help ensure his safety on the road. You should also make sure that John checks his mirrors often. It is important that mirror checks become second nature to John. This will help him be aware of his surroundings at all times. Have him check his rearview mirror about every two to five seconds. Also, his side view mirror checks are essential before lane change and maneuvering turns. This will help him make smooth turns and fluid lane changes, which were sometimes a problem throughout the lesson.

Our team is dedicated to revolutionizing the driving school industry by using hybrid vehicles with extra safety features & environmental benefits along with a mentoring approach to teach the latest defensive driving techniques.

Drivers Ed Direct welcomes your comments and suggestions. Please let us know if there's anything that we could do to make your driver training experience even better.

Thank you for choosing Drivers Ed Direct. If you should have any additional questions or would like to provide us with feedback, please reply back to our e-mail [lessons@driverseddirect.com](mailto:lessons@driverseddirect.com) or call us toll-free at 1-800-728-1048.

Best regards,  
Tom Milewski - Lead Instructor
